### Our Current Preaching Series

The Gospel of Jesus Christ is  
the most transforming force  
for good in the universe. When  
it is communicated through  
the Word of God in the power  
of the Holy Spirit there is no  
struggle it cannot overcome,

no hurt it cannot heal, and no regret that it cannot redeem.

## The Gospel Overcoming Chronic Pain July 5, 2020

Living in a fallen world all but guarantees that at some point in life pain will become an unwelcome and yet constant companion. Pain, however, is not without its redemptive value to our loving heavenly Father in His efforts to conform us to the image of Christ. This week, therefore, we will consider what the Bible has to say about chronic pain and the pitfalls we need to avoid and the truths we must remember as we, and those we love, walk through it for the glory of God.

Come and rejoice for our God seeks and saves the lost!

We encourage you to share this bulletin and the links and [join us online](#) with others that may not have access to their church services at this time.

## July 02, 2020 | Laos - Father Expels and Threatens Sons for Attending Church

 A teenager and his younger brother were kicked out of their home recently for attending church. Chan and Huang were in a church service outside Vientiane on May 24 when their father burst in and began swearing at them. He told them to stop worshiping and go home. Members of the congregation prevented the boys' father from hitting them, but he later cursed at them some more and threw them out of the house. After the boys took refuge at the home of their pastor, their father continued to threaten them, even painting threats on the family home, saying, "I do not want to see you at all; heed this if you do not want to die!" The boys stayed with a VOM-supported evangelist for several weeks until their father demanded they return to help him plant rice. "He needed them to farm," a VOM contact said. "If there was no rice, there would still be threats." Pray for reconciliation between the boys and their father.
